THE ROLLER BLIND_PRODUCT FAMILY

More choice, more flexibility

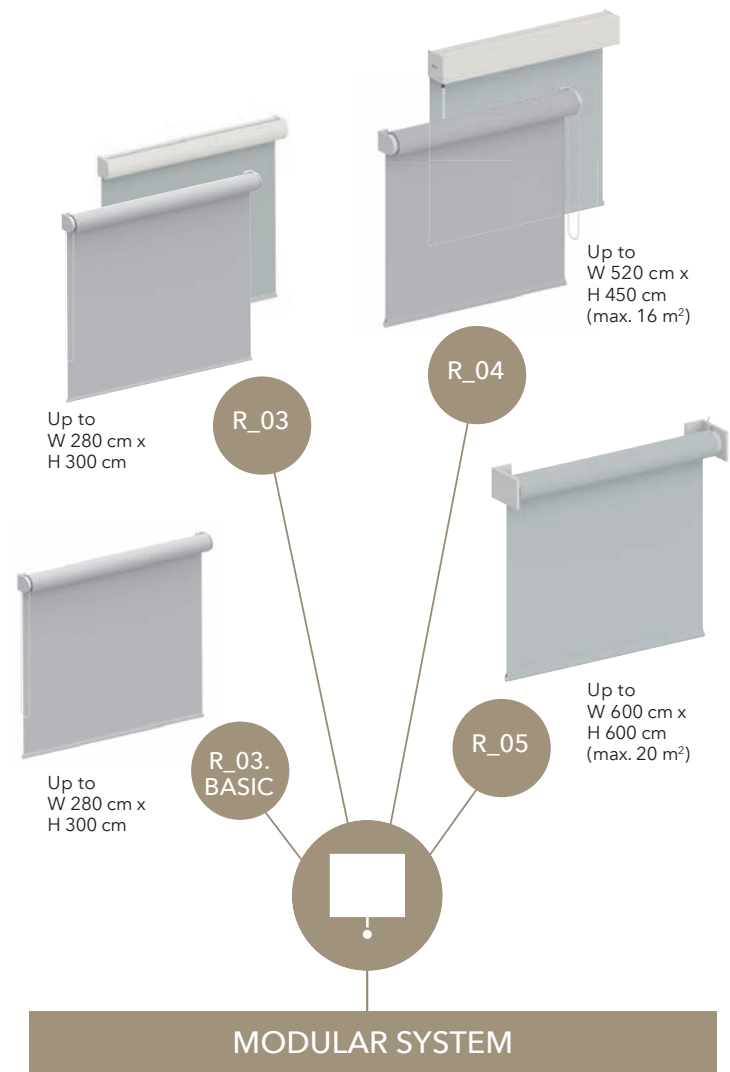

Our roller blind_product family is the ideal solution for custom requirements. Whether for the office, home or special applications, our range of products can meet a wide variety of needs. Enjoy tailor-made functionality.

THE R_FAMILY

The perfect solution for every requirement

The R_03.BASIC is the latest addition to the MHZ roller blind_product family. Stripped down to the essentials, this model has the same striking appearance as the R_03 and is the entry-level model in the product family. With the R_03.BASIC, R_03, R_04 and R_05 models, we offer privacy and sun protection in all dimensions. From small windows to large glass fronts, our roller blinds are flexible enough to fit any room size. From compact solutions to impressive systems that can cover window widths of up to six metres and total areas of 20 square metres, we have the perfect solution for your home or office. MHZ roller blinds offer a wide range of solutions to suit every requirement.
